Town Of Claypool

Larry Neher

Liz Heiman

Niki Miller

Dear Board Members:

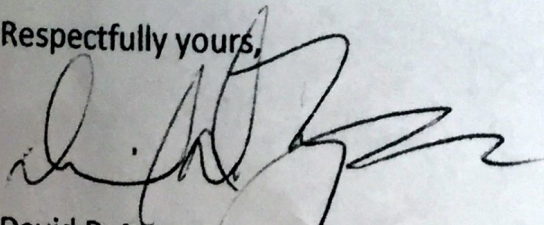

Today Mr. Bob Schultz came to Red's Sweets to pay his water bill. I explained to him we were no longer able to process his payments as Connie was no longer the Clerk/Treasurer. He had walked down to the shop so I offered Mr. Schultz a ride down to the clerk's office.

Ms. Brewer was very cordial and processed Mr. Schultz payment. She inquired as to why I didn't wave to her and I said I would discuss that matter after Mr. Schultz was finished. I asked Bob to wait out in the car as I had an issue I wanted to discuss privately with Ms. Brewer. He accommodated my request and waited in my vehicle. At that point Ms. Brewer again asked why I didn't wave to her and I responded I don't wave at people I don't like. She then asked what she did to me to make me not like her. I responded that she didn't do anything to me, but said some negative statements about Connie to other town residents in the clerk's office while processing other payments. She then pressed the issue with further questioning me about my previous posts I had made on facebook. I affirmed that I had made statements on facebook but that I had a right to my opinion and I did not have faith in her to do the job. She then said "well that's bullshit". At that point I felt like any further discussion would be non-productive. Since Ms. Brewer used profanity I responded by saying "fuck this, Im done." At that point Ms. Brewer said "no, fuck you!". I left the building.

After Ms. Brewer had gone home she had a conversation with Mr. Brewer. Mr. Brewer then came to my place of business looking to start a fight. I refused as I had no problems with Mr. Brewer or Ms. Brewer. He threatened my life and I called the Kosciusko County Sheriff Department and filed an intimidation/threat to life incident. I have attached a copy of the incident.

As I am sure you are all aware this is not the way the Town Of Claypool should present itself. We as residents deserve the utmost respect and dignity. I assure all of you that I have no need to take any further action as I believe this will be an isolated event. I trust that you will convey to Ms. Brewer the severity of her actions.

Respectfully yours,

  
David D. Morgan
